

Mr. Silluzio
Biology Lesson Plan
Date:

Topic: Review of Quiz 2, Quarter I

Summary: Students will review each question on the last major exam, which they were given last week. This assessment is always reviewed extensively. The questions will be discussed in a manner that both reviews current content and explains their relevance to the next topic, the cell membrane and transport systems. All students will be given an opportunity to retake this quiz.

Goals/Objectives:

- **Grasp full understanding of Chemistry of life content.**
- **Build confidence going further.**

Standards:

[Introductory Unit Standards](#)

Time Required: 1 80 minute period
